which Harper & Brothers have in press. Sir Julius Benedict, who is visiting Scot-land, has nearly completed a "Life of Carl Maria von Weber." He was the composer's favorite pupil. A con-densed catalogue of Weber's works will be added to the blography.

Mr. Howells's "Undiscovered Country" gave that successful story "An Earnest Trifler" a year the start, but to has aimost overtaken the latter in a single month: it has reached its twentieth thousand, and is now only 5,000 beaind and increasing its nace.

The bribe was small enough to be mean, if t were intended for a bribe, but The Literary World thinks the principle involved is the same: "The author who himself sent us a copy of his new book, accompanied with an order for fifty copies of the number of The Litcrary World containing the review of it, is bereby noti-ned that the review will be unfavorable, but that we shall send the papers all the same."

In October will be published Mr. Benjamin Vanghan Abbott's "Year Book of Jurisprudence for 1881" (Lat le, Brown & Co.), which may become the arst of a series of annual volumes drafted during each year to meet the anticipated wants of the next year. It will contain Constitutional amendments, the substance of acts of Congress for the year, and of important State laws, selected cases digested from the Superior Courts of both America and England, especially all which involve progress in the law or changes in procedure, and are of general and not local ap-plication, an outline of new and valuable text books, and oriet sketches of important noveliles in jurispru-dence.

It is said of Mr. Edwin Arnold, the author "The Lagut of Asia," that he repeats Greek as would make much of a stir. A correspondent of The Boston Herald describes as follows the circumstances under to gravify his love of art, determined to make the life of Prince Gantana of India, the founder of Buddhism, the subject of an epic poem, and went about it so quietly that no one, even within the circle of his own family, was aware of his undertaking until it the hands of the printer, published and in the market by July, 1879—the work of the busiest editor in Eug-land. When once the noem had been begun it simest wrote itself, and in reading it one catches the vivid en-ergy of the writer as he inarched enward upon the wings of his imagination.

JACOB WOLF, Assignes. MINES AND MINING.

TUESDAY, Aug. 31,-P. M. The mining share markets to-day generally preented a better tone than they have for the last few days, and in some instances prices were higher. Chrysolite was comparatively dull, but steady between 7 and 63. Amio sold largely at  $68 \times 73 \times 71$  cents, against 69 yesterday, but Little Chief was weak and declaned from 34 to 2.80. Climax was 5 cents higher at 1.75, and South Hite steady at 1.40. Consolidated Virginia and California were steady at 3.30 and 2.10 respectively. Silver Nugget was 5 cents higher at 1.25. Columbia Consolidated sold at 3@2.70, and Goodshaw rose 10 cents to 1.20. Hukill was steady at 1.75 after 1.70, Green Mountain at 312, and Rising Sun at 1.85. The markets for the low price shares were adversely affected by the continued weakness of Calaveras, which, with reported enormous transactions, declined from 35 cents to 27@29 cents. We note sale of Eureka Consolidated at 16, Bassick at 93, Bulwer at 212, Silver Ctiff at 4, and Caledonia (Black Hills) at 1,70@1.75. The market closed irregular. weak and declaned from 34 to 2.80. Climax was 5 1.70@1.75. The market closed irregular.

SAN FRANCISCO CLOSING PRICES. SAN FRANCISCO, Tuesday, Aug. 31, 1880. The Builton Mining Company has levied an assess-

WANTED.—A BOT about sixteen years
oid; must be quick and reliable. Address 70 Princest.

WANTED.—A good, steady man; one that can loan his employer \$3.00 on good security, and not arraid to work, can find steady employment and good age.

List is pump-rod twice in twenty-four hours. It will shut down to put in new rods for about four weeks. In the meantime Jackett will pump Belcher and Crown Point water.

The O.H. the Greatest of Coract Players.

Eleven of the First Soloists of Vienna and Beran.

Trains leave Hanter's Point and Flatbush-ave., Brooxweeks. In the meantime Jackett will pump Belcher and Crown Point water.

and Crown Point water.

LRADVILLE, Col., Aug. 31.—Don MeN. Palmer, manager of the Amie, has resigned, his resignation to take effect October 1. He goes to the Pacific coast to take charge of an extensive property there. Cummins & Fun, smelters, have closed a contract with the Robinson Consolidated for a large and regular supply of ore. Chrysolie north drifts still regular supply of ore. Chrysolite north drifts still improving. Little Pittsburg has averaged forty tons daily for the past week.

Bullion valued at \$14,591 64 was received in this city from the mines yesterday.

Chrysolite shipped ninety tons to the smelters on

Chrysolite shipped ninety tons to the smelters on Monday.

The Tombstone Mill and Mining Company have just declared their sixth monthly dividend of \$50,000, or 10 cents per share, payable on and after September 15, at the company's office in Philadelphia. Superintendent Gird telegraphed yestenday that the company's mills will yield over \$100,000 for the month of August with ore reserves in the mines increasing.

Superintendent Irwin, of the Native Silver Mining Company, telegraphed yesteriay: "Struck good ore in the last drift full of sulphurets and native silver. Will run up into the thousands." This drift is the 620-foot level and has always been in excellent ore. The strike is regarded as an imin excellent ore. The strike is regarded as an un-

This drift is the 620-foot level and has always been in excellent ore. The strike is regarded as an important one.

William E. Schotis, of Newark, N. J., is one of the stockholders of the Hillside Mill and Mining Combany of Nevada, who complain bitterly of the present management. It is stated that within the nineteen months preceding August 1, the company has reported agross bathon production of \$576,506, while during the same time assessments have been levied amounting to \$110,000. The mine is now claimed to be producing at the rate of about \$20,000 per month. One off the company's properties is represented to have more ore "in sight" than any other mine in Southenstern Nevada, and yet it is said this identical property was recently allowed by the present managers to be sacrified at a judgment side for about \$30,000. The about side has been exceeded as a find such said of the marter, and for that end propess "pooling their issues" and asking a few per inead questions.

E. M. Pearce, the well-known mining engineer, who is in the San Juan country, his been investigating the San Miguel mining district, strated in the San Juan Mountains, Ouray Connty, Col., and writes of it to a friend in this city as follows: "It lies man both sides of the San Miguel Eriver, a bold,

who sin the Sent Juna constry, less been investigated who can be sent Juna constry, less been investigated which is sent of the sent of th

sider this camp the very heart of the mineral deposit of the Rocky Mountains."

The Silver Cliff Prospect says: "The St. Joseph and Silver Cliff Prospect says: "The St. Joseph and Silver Cliff Mining Company, recently organized in St. Joe, Missouri, with the principal office at Silver Cliff, own the Gene claims, on which they have a 150-foot tunnel, and are taking out considerable valuable ore. They now have on the dump 4 tors of ore that will run 200 onnees in silver, and 50 tons that will run from 25 to 40 onnees. They are building a large ore house and getting ready for thorough developments, and will extend the tunnel another hundred feet, at which terminus an excavation will be made for an engine and a shaft sunk. The vein matter at present is about 5 feet in width with an 18-inch pay streak. The ore is principally gray copper." Shipping will begin in a few days.

A DENIAL BY P. N. MACKAY.

To the Editor of The Tribune SIR: The statement by the secretary of the Chrysolite Silver Mining Company to the stock-holders, published in your issue of the 29th July, con-tains the following paragraph:

ains the following paragraph:

"At this time—September last—careful examinations were made by Professor W. P. Blake, P. McKay, M. E., and others, and though not employed therefor, and no written reports were received, they fully confirmed verbaily the reports of Keyes, Raymond and Low."

This statement as far as it relates to myself is false in every respect. The facts are that in the latter part of August last I visited Leadville to examine the Lattle Pittsburg and the Chrysolite group of mines for some

personal friends in New-York. After careful examination of both properties I estimated, as copied from my

Little Pitteburg—Net value of ore in sight for divi-dense, free hundred and sirty thousand dollars. Chrysolite tironp—Net value of ore in sight for divi-dends, six hundred and sixty one thousand five hundred

CLOSING PRICES OF BOSTON STOCKS

CLOSING PRICES OF PHILADELPHIA SPOOKS.

CLOS/NS PRICES AND ACCEST CONTROL OF THE ACC

The stock speculation to-day generally was tame and uninteresting, alternating between spasms of activity and better prices and hours of dulness

and drooping figures. The total business amounted only to 181,500 shares against 217,100 shares yes-

terday, and the final changes for the usual active

episode that relieved the market of its otherwise

monotonous character. With transactions that amounted to the unusual figures, for that stock, of

templating the payment of a 30@40 per cent scrip

lividend. Whether the report is true or not, to-day

it could not be confirmed by any official or trust-

worthy source in this city. In the face of the fol-lowing facts the report would seem to be at least

premature: The Chicago, Burlington and Quincy Company is about to construct a branch of its road from Peoria to Toledo. In response to this scheme,

the Indiana, Bloomington and Western Company,

which now operates its road in harmony with the

Wabash system, proposes to extend its road from

Pekin to Burlington, with a branch to Galesburg.

This line already has been surveyed and is partly

TUESDAY, Aug. 31-P. M.

Erie, which shows a final gain of 14 per cent, Delaware, Lackawanna and Western with a final gain of 12 per cent, St. Paul with no change, Hannibal and St. Joseph with an advance of 3s per cent, Lake Shore with an advance of 1s per cent, New-Jersey Central with an advance of 34 per cent, New-York Central with a decline of 18 per cent, Actual cases. Closing theres. Wabash preferred with an advance of 1 Opn'g Hig't Low't Final, Bid. Ask'd per cent, and Western Union Telegraph with a decline of 14 per cent. Among the usually inactive stocks Mobile and Ohio was con spicuous for an advance from 23 to 2414, with final sales at 2334. The best prices of the day generally were made when money was louning at 4 per cents curiously enough, the figures for stocks and rates for money bardened simultaneously. But the best figures were not maintained at the close, and the market ended dull but feverish. Governments were dull, the dealings being confined to sales of the 4 and 5 per cents. But prices 13,400 were firm, with a further advance in the biddings of 14 per cent for the 4s and 1s per cent for the 41gs The 6s of 1880 were easier, the bids being reduced 1s per cent. District of Columbia 3-65s were strong. with sales at 9958@9934. Annexed are the closing

The active stocks of the general market were

In State bonds there was an active demand for Alabama 6s, Class A, and sales were made at 66143 67. Tennessee 6s, old, sold at 38 2377g. There were no transactions in city bank stocks.

Railroad bonds generally were quiet. The announcement (advertised in another column) that 74 per cent will be paid, October 13, on the St. Louis and Iron Mountain second incomes, being fifteen months' interest to January 1, 1880, was the occasion of a brisk movement in those bonds, and they sold up to 81@84, against 801g yesterday; and the first incomes rose from 8634 to 881s. Of the second incomes, there are outstanding \$4,088,720, and they carry 6 per cent interest, which is accumulative if not paid in each year. The interest on the first incomes, which bear 7 per cent, was paid last May, Mobile and Ohio first debenture 7s also were in demand, and sold at 793, 250. Erie second consols were active within a range of 1 per cent, and closed at 86%, an advance of ½ per cent on yesterday's last figures, the funded 5s s line at 81%. @82 against 8214 yesterday. C., C. and I. C. in-comes were dull, but advanced 1 per cent to 4312. Lehigh and Wilkestarre consols were steady at 98, Chesapeake and Ohio firsts, series B, rising  $^{1}2$  per cent to  $68^{1}2$ . New York Elevated firsts were weak at 1114. Morris and Essex second consols sold at 11112. Oregon Railroad and Navigation firsts at 100, Houston and Texas Central firsts, may a line, at 108, New-York Central 6s, 1883, at 105%, International and Great Northern second purchasing receipts, at 33, and Cleveland and Toledo sinking funds at 110 @ 109. Chicago, St. Paul, Minneapolis and Omaha consols were 3 lower at 98123 9814, and St. Paul and Sioux City firsts declined 19 to 105<sup>1</sup>4. Denver and Rio Grande firsts were firm at 105<sup>1</sup>2@105<sup>7</sup>8, and the consols at 96<sup>1</sup>8, Kansas and Pacific consols being steady at 95%. Union Pacific firsts were strong at 11212d 112%.

| Tean 6s Old | Lehigh & W-H Con | Lehigh & Leh The Sub-Treasury to-day lost \$791,073 on balance, made up by losses of \$199,899 enrency and \$591.174 coin. This makes the net less since Friday \$70,796. Money was more active to-day with the fair rate, 3 per cent, on call loan, but a flurry carried the rate to 4 per cent, at which large sums were loaned, and exceptionally small amounts at 5 per cent. Later, brokers' balances loaned at 242 per cent. The enty quotable change in the domestic exchanges on New-York is a decime to 3-s#1g discount at Savannah. The United States I reasurer at Washington today received \$155,000 in National bank notes for redemption. The customs receipts were \$284,058. The following is the Clearing House statement to-day: Exchanges, \$97,349,629; Balances, \$4,996,634. The transactions at the Subtreasury covered: Receipts, \$1,405,266; payments, \$2,196,338; currency balance, \$6,267,355; coin balance, \$86,502,468.

The following is the statement of receipts and disbursements by the Assistant-Treasurer of the United States at New-York for the menth of August: with the fair rate, 3 per cent, on call loan, but a
